Life is a journey, and so is creating a special bottle of Gin. The Gin School supported by Inverroche is an educational and exciting journey through the endless world of Gin.

With your presenter being an able guide and a knowledgeable expert, you will be taken back in time to this spirit's origin hundreds of years ago all the way to the great popularity it enjoys today. You will learn new things and have a laugh with friends about facts you would barely believe to be true.

As in life, making your own Gin is a process with many important steps. The experience gives everyone involved the opportunity to express themselves and their unique personalities in a special and creative way.
